	<p style="text-align: center;">Statement of Intent</p> <p>I am standing for nomination to the CDHM Council because I believe that we, as dental hygienists, have the responsibility to use our expertise to its fullest extent in improving the lives of all Canadians.</p> <p>I have over 15 years' experience seeing the impact that we can have for the betterment of our client's health. I believe we can do more good, reach more of the population, and further dental hygiene as a healing profession.</p> <p>The CDHM, as our regulatory body, has the power to influence the view of our profession held by government and the public. I would work to improve these views and to investigate ways to reach underserved populations. I wish to bring my body of knowledge and passion for dental hygiene to help move our profession forward. Thank you for your consideration.</p>
