CANDIDATE – CDHM – 2024 Election

Shelley Froese

Statement of Intent

I have been an involved member of my communities for the entirety of my life. My involvement has included student councils and volunteering with mentorship, management, coaching, and organizing youth sports teams and community programming. I also had the opportunity to be involved in our daycare board for a term as events coordinator, vice-chair, and secretary. These opportunities helped me grow personally and develop relationships within these communities. The more I invested into each of these communities, the deeper relationships and understanding developed.

I would like to pursue a CDHM council position as an opportunity to learn more about our Manitoba dental hygiene community. I have been a practicing dental hygienist since 2006 at a rural general dental practice in Winkler. I am an avid reader and love learning, which led me to complete my Bachelor of Dental Science (Dental Hygiene) through the University of British Columbia in 2022. I have learned a lot throughout my career but feel that I still have plenty left to learn and develop! I anticipate that venturing outside of clinical dental hygiene into council and engaging with other dental hygienists and stakeholders will develop a new appreciation and understanding of where the professional of dental hygiene is at currently in Manitoba, and where we are heading.
